Happy Halloween!

As we bid farewell to October, the team is excited to share some updates from this past month. Read more to learn about our time at UTA Autocross, get an update on our fall 2023 car show and see the progress we have made on our 2024 chassis.

UTA Autocross  
A quick recap

Dallas Formula Racing competed at UTA Autocross on October 6th-8th.

Congratulations to our six drivers for having such a successful weekend. It was the first time our team had officially competed with our aerodynamics package and a resized half shaft – a point of failure in the 2023 competition. The team is incredibly proud of all of the accomplishments that we have made thus far!

Cars and Comets  
Private car show

Thank you to everyone that attended Cars and Comets! We really appreciated the support and loved seeing all of you. This event took many many months of dedicated planning and hard work - a huge congrats to our events team: Preston, Jefferson and Cody.

We hope you enjoyed the event and hope to see you at some of our future events!

Chassis Update  
A new chapter

Our team has officially placed our order for new chassis tubes and we look forward to starting the fabrication of our next competition vehicle. A huge shoutout to our engineering team and our Chassis Lead, Ethan, for all of the hard work they've put in.

Sponsor Shoutout  
Thank you to all of our sponsors!

A huge thank you to **SKE** for providing the team with wheel bearings. We appreciate the continued support and we are excited to test out our new setup! This generous donation makes a huge impact on the team, and allows us to focus our limited resources on other developments.
